FOR ENVIRONMENTAL SCIENCE FOR THE AP® COURSE

Engaging Students. Empowering Teachers.

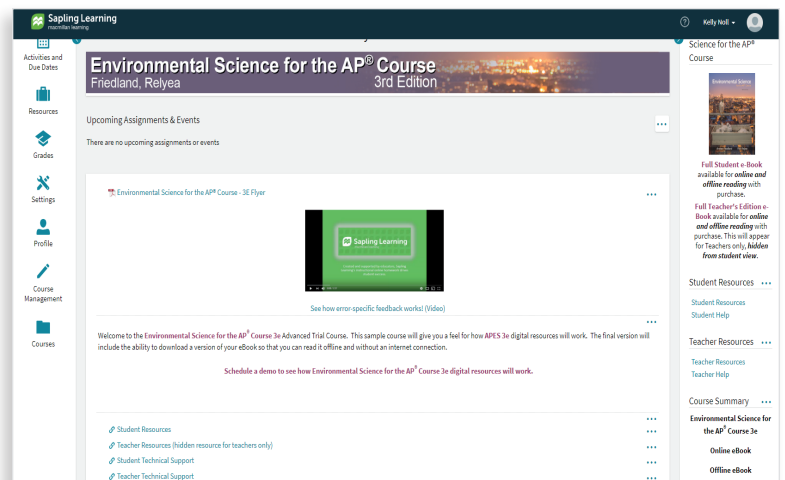

CREATED AND SUPPORTED BY EDUCATORS, SaplingPlus' instructional online homework drives student success and saves you time.

Dynamic and targeted feedback provides the student with real-time feedback based on their specific misconceptions or understanding, whether they get the answer correct or incorrect—making sure they get to the right answer for the right reason. SaplingPlus allows the teacher to fully customize how they assign and weigh the questions.

A **streamlined interface** helps you manage assignments. A complete, interactive **e-book** offers easy navigation and interactive content and activities. The **resources link** gives you quick access to carefully developed book-specific teaching materials.

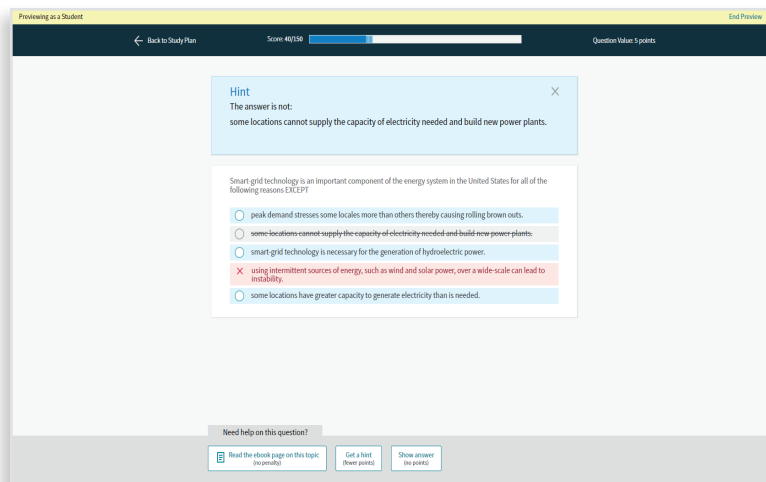

84%

of teachers say **SaplingPlus** helped their students improve their content knowledge.

LearningCurve adaptive quizzing offers individualized question sets and feedback for each student based on their correct or incorrect responses. Students build confidence in a low-stakes environment; meanwhile, you can see where students are struggling.

The **SaplingPlus e-book** is fully accessible on all devices both online and offline, as well as on mobile. With intuitive navigation you can create bookmarks, take notes & highlights, and more. With Windows, Mac, iOS, Android, and Kindle apps, text can be read aloud. Study better!

An easy-to-use **gradebook** provides a clear window on performance for the whole class, for individual students, and individual assignments to help you give each student the support he or she needs.
