

Ideas in Argument 2nd edition Resource Materials

Annotated Teacher's Edition (print and ebook-available in Achieve digital platform)

New-to-2e features include:

- **NEW! DIFFERENTIATION:** Using Technology wraparound notes offer activities that require the students to use technology to create a product.
- **NEW! DIFFERENTIATION:** Classical Rhetoric wraparound notes provide opportunities for students to practice applying classical argumentation strategies, such as Rogerian or Toulmin argument, to the readings, questions, and activities in the book.

Teacher's Resource Materials (TRMs) (available in Achieve)

Note: Everything has been updated to reflect new-to-3e content; “updated” below notes when an existing resource has been revamped.

Resources to help TEACHERS plan and prepare:

- **NEW! Planning the Unit Videos and Podcasts** prepared by the textbook authors are designed to help you prepare for teaching each unit, with insights on what to cover, common pitfalls, and advice for how to tailor the course to different student needs.
- **NEW! A Teacher's Edition Tour Video** created by the textbook authors walks you through how to get the most out of this resource.
- **NEW! Lang Links**, accessible via Achieve, take you directly to videos, texts, graphic organizers, and other related instructional resources to enhance your course planning and classroom discussion.
- **Editable Pacing Guides** allow you to customize the publisher-provided pacing guides in the Teacher's Edition, including block scheduling, making it easy to plan your course in a way that works for you and your students each year.
 - **UPDATED! Suggested Responses and Answer Keys** for all the questions in the book—including the AP® Big Idea Workshop questions, the Applying AP® Skills questions, the Ideas Collection boxes, the Ideas Collection post-reading questions, the AP® Exam Practice, and the Visual Rhetoric Workshops at the back of the book—

offer approaches you and your students might take to the readings and instructional content.

- **UPDATED! Editable Rubrics**, accessible via Achieve, for the Composition Workshop assignments and AP® FRQ prompts provide scaffolded frameworks for evaluating student work as the school year progresses.
- **NEW! Annotated Student Models** go deeper in explaining the rhetorical significance of brief annotations of real student essays in the Composition and Free-Response Question Workshops.
- **Scored Student Sample Essays** with high, medium, and low student responses for the AP® FRQ prompts at the end of each unit, annotated based on the AP® scoring guideline.
- **Lexile Text Complexity Measures** give you the reading level information you need to help select texts that provide the appropriate level of challenge for your students.

Resources to support STUDENT skill development include:

- **UPDATED! ELL Essential Guide Handouts** offer a suite of ELL supports, such as previews of readings to support comprehension, additional context to help build background knowledge, specific help with word- and sentence-level challenges in readings, and more.
- **Handouts** for all of the graphic organizers for the AP® Check for Understanding Activities and AP® Skills Practice Activities in the book.
- **Reusable graphic organizers** allow students to develop skills as they work through every Reading, Composition, and Test Prep Workshop in the book.
- **Printable Classroom Instructional Posters** with essential concepts of the course offer you and your students easy, colorful reference guides.
- **Grammar Girl Podcasts** for targeted grammar practice and remediation.
- **UPDATED! AP® English Language Skills Practice Workbook (Print ISBN 9781319594718)**: Make learning handy and active with this essential tool! All of the graphic organizers and note-taking tools in this book, plus unique activities for the workbook, are available for students to work with in the Student Workbook. The Student Workbook is available in print or as handouts in Achieve.

ACHIEVE-SPECIFIC Resources:

- **NEW! Enhanced Assignments and Student Support:** Achieve makes it easy to assign any question or activity in the book. With this edition of *Ideas in Argument*, you also have the option to assign and assess in more targeted ways, with:
 - **NEW! Applying AP® Skills Assignments:** These short multiple-choice assignments offer scaffolding for answering the Applying AP® Skills questions in the margins of the AP® Big Idea workshop readings.
 - **UPDATED! Comprehension Check Quizzes:** These multiple-choice quizzes offer an easy way to check student comprehension of the readings in the book.
 - **NEW! Hints:** These helpful tips give students a boost as they tackle the post-reading questions, with pointers on where and how to focus a close reading and analysis of each text.

- **EXPANDED! LearningCurve • Game-like adaptive quizzing.** Embedded in Achieve, **LearningCurve** is an adaptive, game-like, formative assessment tool that helps students focus their study efforts where they need it most. When they get a question wrong, they get feedback about why and a link to content review — and then they get a chance to try again. This edition has even more assessment options than ever, with two different LearningCurve pathways:
 - **Grammar, Mechanics, and Basic Support:** LearningCurve has dozens of topics to support grammar, mechanics, and basic rhetoric and argument, such as Active and Passive Voice; Appropriate Language; Argument: Persuasive Appeals; Argument: Reasoning and Logical Fallacies; Basic Sentence Patterns; Building Vocabulary; and many more.
 - **EXPANDED! Even More Targeted Student Edition Support:** The *Ideas in Argument* LearningCurve now covers all of the AP® Big Idea Workshops, the Composition Workshops, and the AP® FRQ Workshops in each unit.
- **Digital Collection of Full-Length Works:** With nearly one hundred classic and commonly taught works of literature and nonfiction, the digital collection of full-length works is perfect for building a unique AP® English Language course that works for you.
- **Electronic Flashcards for the glossary/glosario** help students build their content knowledge.
- **Goal-Setting and Reflection Surveys:** Enhance your students' learning experience with our **Goal-Setting and Reflection Surveys (GRS)** in Achieve. These surveys help students develop metacognitive and self-regulated learning skills, leading to improved academic performance, engagement, and self-efficacy.
- **Analytics:** Achieve's **Reports and Insights** allows you to monitor student engagement, performance, and progress. These powerful, user-friendly analytics can be viewed at the individual student or whole-class level so that lessons can be specifically tailored to students' needs.

Test Bank

- ~250 Questions:
 - 1 mini-exam per Unit (25 MCQs and 1 FRQ, comprised of 5 files per mini-exam)
 - 1 Midterm Exam (25-30 MCQs and 3 FRQs, comprised of 5 files)
 - 1 Final Exam (55 MCQs and 3 FRQs, comprised of 8 files)
- All MCQs reflect the change to 4 answer choices on the AP Exam
- Rationales for right/wrong answers
- Coded to AP Lang CED so you can see which skills and big ideas are being tested
- Delivered via email
