

STRIVE FOR A

Preparing for the AP[®] Microeconomics Exam

Elizabeth Plautz

Strive for a 5: Preparing for the Microeconomics Exam provides a thorough review of microeconomics with essential tips for test preparation. Designed to align with the fourth edition of *Krugman's Economics for the AP[®] Course*, *Strive for a 5: Micro* gives students the practice they need to succeed in the AP[®] course and on the exam. The author of this unique guide is an experienced microeconomics instructor—someone who can offer the best tips and advice for getting students to a 5! Special features include:

- Overviews of each unit and module to help students put everything into context.
- An introduction to a key model/graph used in that unit.
- A module-by-module study guide with support material including module objectives, key vocabulary terms, featured model practice, guided readings, multiple-choice questions, skills practice, module notes, and new worksheet activities.
- Additional problems and review questions to be sure students understand the concepts covered in each unit.
- Effective strategies to prepare for and take the exam.
- Two full-length practice exams.
