

# ***Statistics and Probability with Applications, 5e*** **Teacher's Resources**

---

## **Teacher's Edition**

Authored by renowned Statistics Educator Doug Tyson, our one-of-kind Teacher's Edition is an invaluable resource. Enhanced and revised for the 5th edition. You'll find:

- Geared for both new and experienced educators
- Pacing guides and teacher PD support
- Short lesson overviews emphasizing the key points in each lesson.
- A complete list of companion resources, referenced at their point of use.
- Helpful annotations and tips - over a dozen different types!
- Point-of-use answers / alternate examples

## **Teacher's Resource Materials**

(Digital-Only | Available with TE)

The Teacher's Resource Materials accompany the Teacher's Edition and contain materials to effectively plan the course, including:

- Editable Lecture Presentation Slides for each lesson with new guided lesson handouts for students
- Alternate Examples
- Worksheets, activities, handouts.
- Chapter Learning Targets Grid with a column for students to track their progress. The learning targets grid is a great way to help students take ownership of their learning. It also is useful when using the test bank – can search the test bank for specific learning targets
- Full solutions
- Professional Development videos
- Prepared test in PDF for each chapter
- Spanish resource support including chapter summaries and YourTurn Video transcripts

## **BFW Test Bank**

Introducing a new cloud-based BFW Test Bank, powered by Cognero, featuring questions meticulously aligned with learning targets and standards to meet all your assessment needs.

- Over 1700 Questions

- 4 files per Chapter
- 1 Extra Prepared Test
- 2 Multi-Lesson Quizzes
- 1 Bank of additional questions (MCQ and open-ended)
- Coded by learning target, lesson, chapter, and level of difficulty
- Delivered by email
